

MyToyota App – Connected Services Warning lights

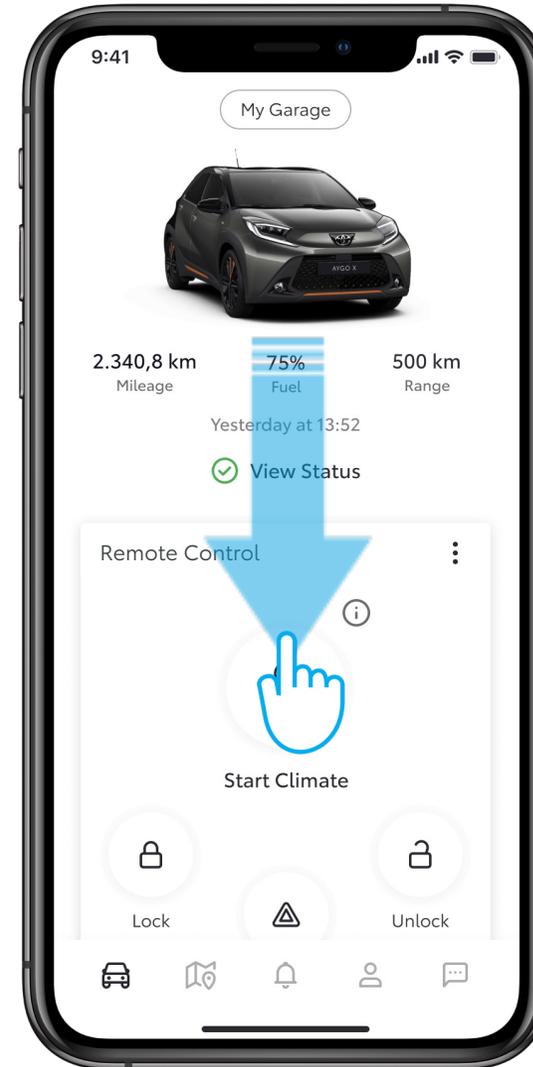

WARNING LIGHTS – NOTIFICATION, SEVERITY & CALL TO ACTION

STEP 1

When a warning light is activated, you will receive a push notification. Tapping on the notification will take you to the dashboard screen.

The notification is sent a few minutes after being displayed on the vehicle dashboard.

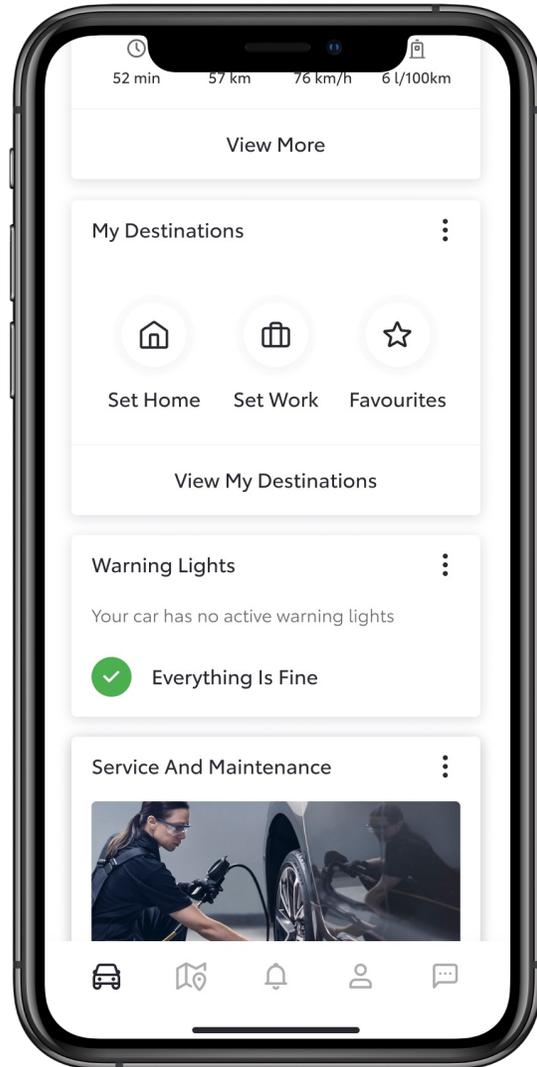

STEP 2

To see the Warning Lights card, scroll down on the dashboard screen.

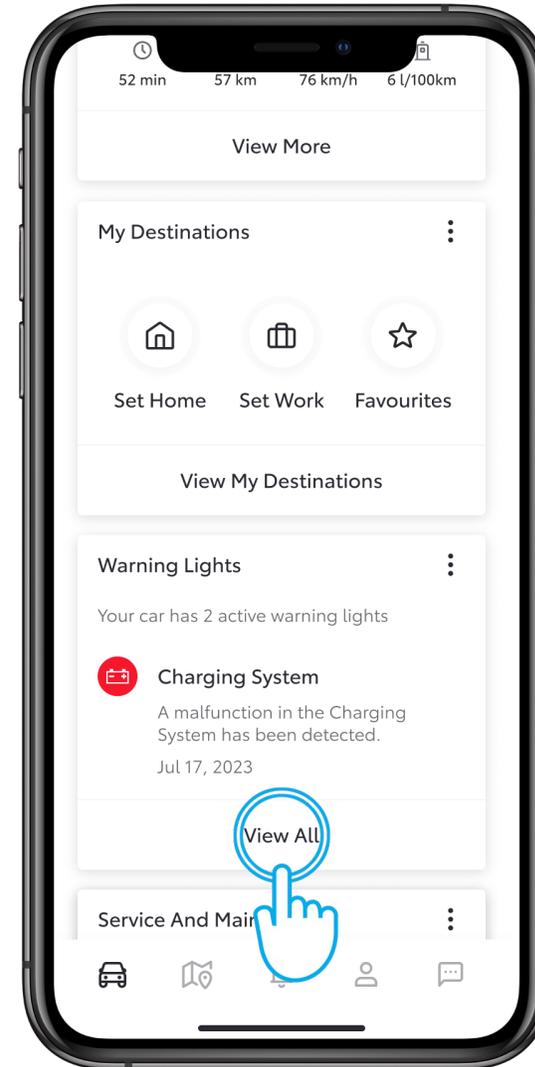

WARNING LIGHTS – NOTIFICATION, SEVERITY & CALL TO ACTION

STEP 3

The Warning Lights card can have 2 states:

- No warning lights (everything is fine).
- 1 or several warning lights (see next step).

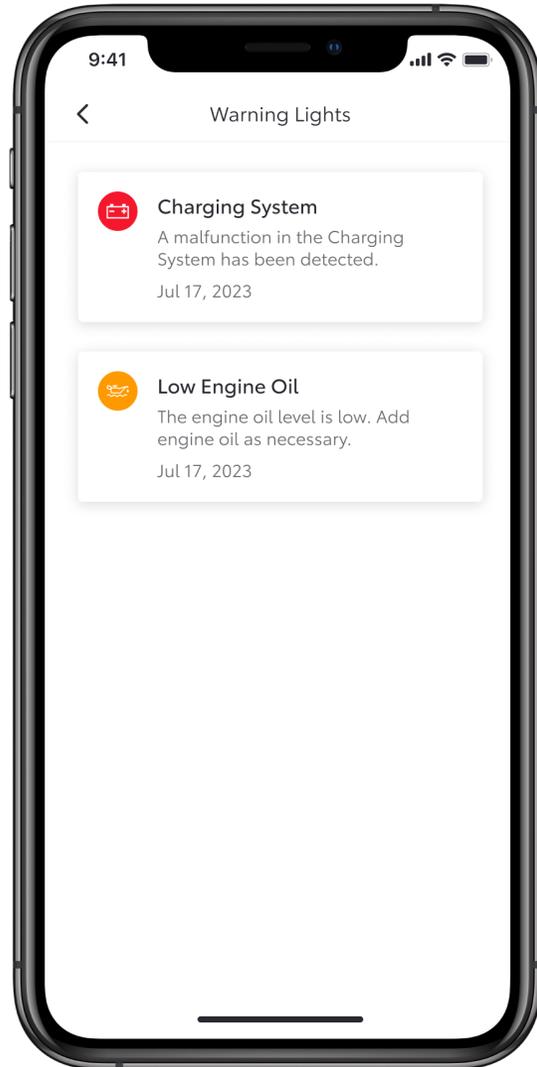

STEP 4

If there are several warning lights, you can see a preview of one warning light.

Tap on "View All" to see all active warning lights.

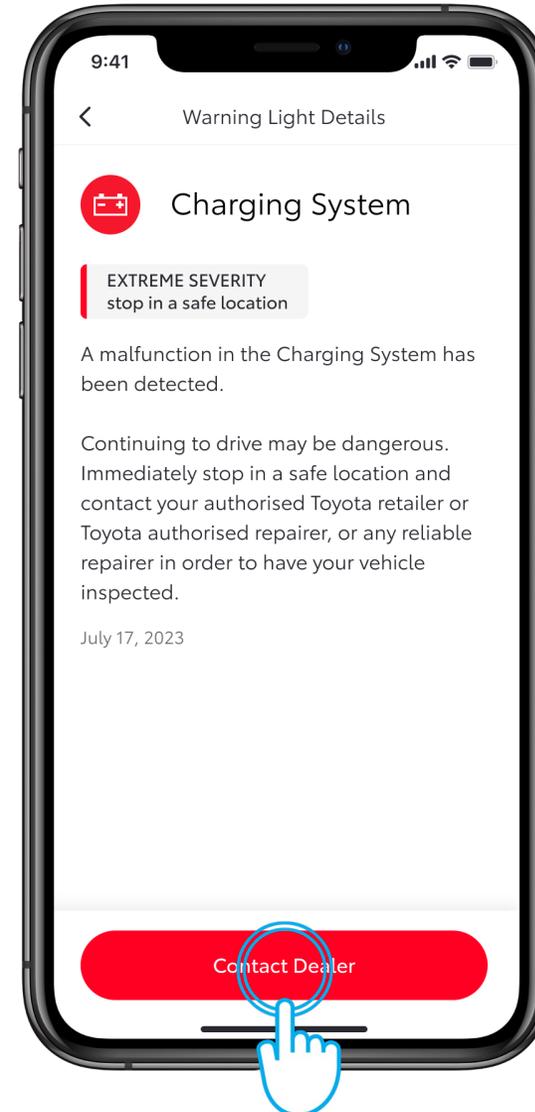

WARNING LIGHTS – NOTIFICATION, SEVERITY & CALL TO ACTION

STEP 5

You can see the complete list of active warning lights and by tapping on each one, see the details of it and what action should be taken.

STEP 6

Tapping on the warning light will show the details and the degree of severity - Low, Medium or High.

Depending on the warning, there will be a call to action displayed:

- Contact dealer
- Online service booking
- Roadside assistance

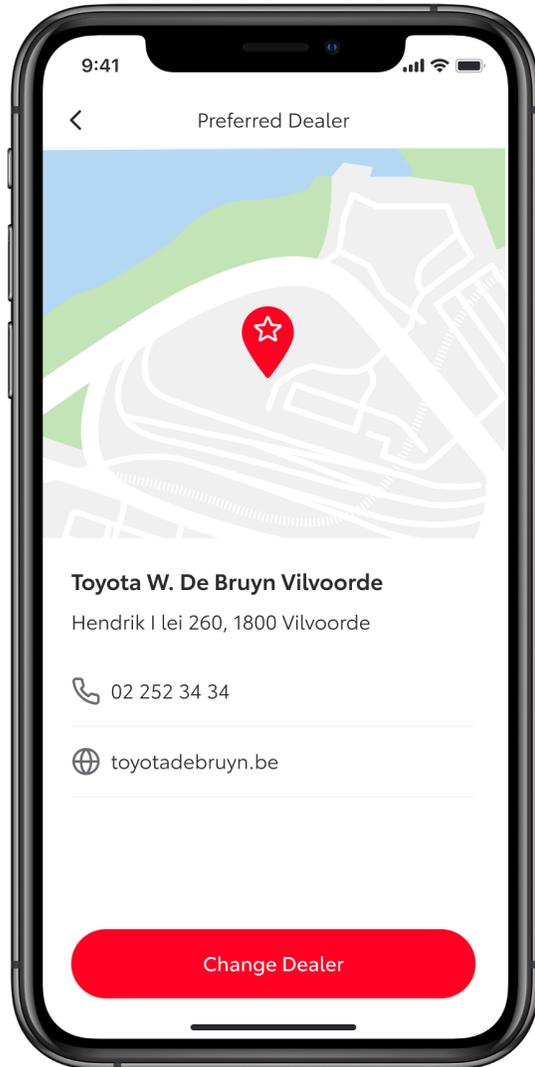

WARNING LIGHTS – NOTIFICATION, SEVERITY & CALL TO ACTION

STEP 7

By tapping on the Call-to-Action button, you will be redirected to the appropriate subsection of the app.

For example, in this case it shows your Preferred Dealer for you to contact.

EVERY FEATURE COUNTS

Connected Services are continually improving, therefore visuals and app screens in this guide may slightly differ from those seen in your MyToyota App.
